

STATE OF HAWAII
NOTICE OF AND REQUEST FOR EXEMPTION
FROM CHAPTER 103F, HRS

'11 SEP 21 A11:20

STATE PROCUREMENT OFFICE
STATE OF HAWAII

To: Chief Procurement Officer

From: Public Safety/Health Care Division/Mental Health Branch/Halawa Section
Department/Division/Branch or Office

Pursuant to § 103F-101(a)(4), HRS, and Chapter 3-141, HAR, the Department requests a procurement exemption to purchase the following:

1. Title and description of health and human service(s): Locum Tenum Psychiatric Services to cover mental health needs at the Halawa Correctional Facility (HCF) until a permanent psychiatrist can be recruited and hired. (Oct 1, 2011 to December 31, 2011)	
2. Provider Name and Address:	To be determined
3. Total Contract Funds:	\$75,000 to \$90,000 \$60,000 <i>cyh</i>
Contract Funds per Year (if applicable):	\$90,000
4. Reference number of Previous Request for this Service (if applicable):	
5. Term of Contract:	Start: 4/4/2011 10/31/11 <i>cyh</i> End: 12/31/11
6. Describe how procurement by competitive means is either not practicable or not advantageous to the State: The RFP process would take too long to complete as the present psychiatrist will be leaving at the end of Sept. In anticipation of the resignation of the HCF psychiatrist, a potential replacement was found, but the replacement decided not to accept the position, leaving the HCF without coverage. The inmates with mental health conditions would not have access to a psychiatrist, putting the State, the facility staff and the patients at risk.	
7. Describe the reason for the selection of the provider including a description of how the procedure ensured the maximum fair and open competition practicable: As there are many locum tenum providers, the HCD will make it's selection based on the availability and qualifications of their presented potential psychiatrists. The corresponding costs will also be considered in making the selection of the vendor.	

STATE OF HAWAII
NOTICE OF AND REQUEST FOR
EXEMPTION FROM CHAPTER 103F, HRS

8. Describe the state agency's internal controls and approval requirements for the exempted procurement: The qualifications and experience of any recommended psychiatrists will be reviewed, as the most qualified and experienced person will be considered in comparison to other candidates presented by the Locum Tenum Vendors. The costs related to the psychiatrist will also be used to make the decision as to which vendor to select.	
9. List the state agency personnel, by position title, who will be involved in the approval process and administration of the contract: Marc Yamamoto, PSD Procurement Officer	
10. Direct questions to (name & position):	Marc Yamamoto, PSD Procurement Officer

SUBJECT: EXEMPTIONS FROM CIVIL SERVICE IN ORDER TO CONTRACT FOR SERVICES

The Department of Public Safety (PSD) has notified us of your request for a memorandum from the Department of Human Resources Development (DHRD) confirming that PSD is able to contract for services in accordance with our "Delegation of Authority to Approve Exemptions from Civil Service in Order to Contract for Services" memorandum dated October 13, 2006 (attached).

The October 13, 2006 memorandum delegates authority to department heads to approve exemptions from civil service under Sections 76-16(b)(2) and 76-16(b)(15), Hawaii Revised Statutes (HRS), in order to contract for services. The memorandum sets forth procedures for the review and approval of the exemptions, and provides an Exemption of Contractual Services Checklist to assist the department's personnel office in determining the legal authority for the exemptions.

PSD submitted Exemption of Contractual Services Checklists to provide medical services for the Oahu Community Correctional Center (OCCC), and psychiatric services for the Halawa Correctional Facility (HCF) during the period October 31, 2011, to December 31, 2011, under Section 76-16(b)(15), HRS. After a review of the information provided on the checklists, we concur with PSD on the exemptions to contract services.

If you have any questions, please call me at 587-1100, or your staff may contact Dawn Young of our Employee Classification and Compensation Division at 587-1021.

FROM: Marie C. Laderta, Director 

RE: Delegation of Authority to Approve Exemptions from Civil Service in Order to Contract for Services

In February 1982, then-Director of Personnel Services¹ Donald Botelho issued a memo delegating authority to department heads to approve exemptions from civil service under Section 76-16(15), Hawaii Revised Statutes ("HRS"), in order to contract for services. **The purpose of this memo is to supersede this February 1982 memo by delegating additional authority to department heads to approve exemptions from civil service under both Section 76-16(b)(15)² and Section 76-16(b)(2), HRS.** Attachment 1 to this memo sets forth procedures for the review and approval of these exemptions. Please also be reminded that departments cannot contract for services, whether with a firm or an individual, without an exemption from civil service.³

Exemption from Civil Service

Section 76-16(b), HRS, provides that, "The civil service to which this chapter applies shall comprise all positions in the State now existing or hereafter established and embrace all personal services performed for the State" Section 76-16(b) then sets forth several exceptions to this general mandate that all services performed for the State be performed by civil service employees. Two of these exemptions specifically allow contracts for services under certain circumstances. These exemptions are as follows:

(1) Section 76-16(b)(2), which sets forth an exemption from civil service to contract for services if the service:

- is special or unique; or
- is essential to the public interest; and
- cannot be obtained through normal civil service recruitment procedures.

¹ The Department of Personnel Services is now known as the Department of Human Resources Development.

² The subsection (b) demarcation was added in Act 253, SLH 2000.

³ The memo applies only to exemptions from civil service for contracts for services, not for positions.

Contracts for services utilizing this exemption may not exceed one year.

(2) Section 76-16(b)(15), which sets forth an exemption from civil service to contract for services if the services are provided by persons or firms:

- employed on a fee, contract, or piecework basis; and
- the work can lawfully be performed concurrently with a private business or profession or other private employment, and where it is impracticable to ascertain or anticipate the portion of time to be devoted to the service of the State.

Unless authorized by other law (e.g., statutory provisions allowing privatization or statutory provisions specifically allowing an agency to contract for services, etc.), an exemption from civil service must be approved pursuant to one of these two provisions before departments or administratively attached agencies may enter into contracts for services.

Expanded Delegation of Authority

As stated earlier, in February 1982, department heads were given delegated authority to approve exemptions from civil service under Section 76-16(15), HRS. This delegated authority to the department heads has never been rescinded. In the interest of efficiency, economy, and timeliness, and pursuant to Section 76-5(a), HRS, the purpose of this memo is to expand this delegation by authorizing department heads to also approve exemptions from civil service under Section 76-16(b)(2), in order to enter into contracts for services. I am hopeful that this additional delegated authority will provide departments with added flexibility, and will expedite the process of obtaining needed services. Please refer to Attachment 1 for the procedures that should be followed in order to certify an exemption from civil service under one of these two provisions.

Department heads may request that their delegated authority be further delegated to other individuals in their departments by submitting Attachment 2 to the Department of Human Resources Development for approval.

Please provide copies of this memo to the heads of all agencies that are administratively attached to your department. Existing delegations of authority to the heads of administratively attached agencies to approve exemptions from civil service under Section 76-16(b)(15), HRS, are hereby rescinded, effective 90 days from the date of this memo. Should agency heads wish to submit new requests for delegation of authority to approve exemptions pursuant to Sections 76-16(b)(2) or (b)(15), they may do so using Attachment 3. If a new delegation is requested and received by an agency head, the agency head should inform the attached agency's departmental personnel officer of the delegation. This is because regardless of whether an exemption is approved by a department head or by the head of an administratively attached agency, the checklist

Memo to Department Heads

attached hereto as Attachment 4 **must be reviewed and signed by the departmental personnel officer or his/her designee.** The departmental personnel office is in the best position to complete Attachment 4, because that office has the information and expertise necessary to determine whether the needed services cannot, or should not, be provided by civil service employees. If the determination cannot be made by the departmental personnel office, the Department of Human Resources Development should be asked to make the determination.

Please have your staff contact Carleton Taketa (587-1020) or George Yomes (587-1030) should there be any questions regarding this matter.

cc: Departmental Personnel Officers

Procedures for Exemption of Contractual Services

Step 1

The program or agency must complete the "Exemption of Contractual Services Check List" (Attachment 4) and provide necessary supporting information to the Departmental Personnel Office for review.

Step 2

The Departmental Personnel Office determines whether the work can be performed through the use of a civil service position by answering the questions below. Provisions of the current "Budget Execution Policies and Instructions" may affect the answers to the questions. There should be a substantive reason for any "no" response.

1. Is there an existing civil service position or can a civil service position be established to provide the service?
2. If the answer to "1" is yes, can the position be filled?

If the answer to both questions is yes, the service should be provided through the filling of a civil service position.

Step 3

If the answer to either or both questions is no, the Departmental Personnel Office determines whether an exemption from civil service may be granted under the provisions of Section 76-16(b)(2) or (15), HRS, by reviewing the responses and information on the checklist provided by the program or agency. The Departmental Personnel Officer indicates which statutory provision is applicable by checking the applicable block, or checks none. If the criterion for exemption under one of the provisions is met, the applicable box should be checked to indicate whether the services will be obtained through contract or provided through the use of an exempt position. If by contract, the Departmental Personnel Officer must insure that all of the information below regarding the contract has been completed. Then the check list should be signed by the Departmental Personnel Officer. If the service is to be provided through the use of one or more exempt positions, normal procedures for the establishment of exempt positions should be followed. Comments pertinent to the evaluation may be entered by the Departmental Personnel Officer in the "REMARKS" section of the checklist.

Step 4

If exemption from civil service under Section 76-16(b)(2) or (15), HRS, is recommended by the Departmental Personnel Officer, and if the services will be provided by contract, the completed check list is forwarded to the Department Head, designee, or

authorized agency head for review and approval of the exemption using Form AG-014, "Certification of Exemption from Civil Service" (Attachment 5*). If the Departmental Personnel Officer is unable to make a determination as to whether the exemption criteria have been met, the check list, accompanying information and documents should be submitted to the Employee Classification and Compensation Division (ECCD) of the Department of Human Resources Development (DHRD) for review and action. If exemption from civil service under Section 76-16(b)(2) or (15), HRS, is not recommended by the Departmental Personnel Officer, the checklist, accompanying information and documents are returned to the program, or the program may request that they be submitted to the DHRD ECCD for review and action.

*The form will be amended by the Department of the Attorney General in light of the new delegation of authority under Section 76-16(b)(2), HRS.

Step 5

Upon approval of the contract, a copy of the approved "Exemption of Contractual Services Check List" must be submitted to the DHRD ECCD within five working days. If the contract exceeds \$25,000, a copy of the approved contract should be submitted along with the check list.

Information to Use in Completing and Reviewing the Check List

Service is special or unique (e.g., special investigator for the prosecution of computer-related crimes)

Essential to the public interest (Explain the detrimental impact to the public if the work is not done and how soon the impact would occur. Under most circumstances, the detrimental impact to the public should be direct and imminent.)

Personnel cannot be obtained through normal civil service recruitment procedures (e.g., no class available, no eligible list, eligibles lack specific skills) If, at some point, it should be possible for the services to be provided through the use of a civil service position, the department should proceed to pursue that option, and the duration of the exemption should not exceed the period required.

Employed on a fee basis (e.g., one time lecturer)

Employed on a contract basis (e.g., person to produce a master plan to develop Hawaii as a sports center)

Employed on a piecework basis (e.g., pay for products produced)

Performs duties concurrently with private business (e.g., architectural consultant working on a project)

Provides intermittent services (e.g., property management services for a monthly retainer, dietitian providing services in a hospital about two hours per day, with no work schedule and paid hourly)

Delivery of completed work/product by or during a specified time (e.g., architectural or engineering plans, transcript of a hearing, medical evaluation and care of welfare recipients, and implementation of a new recordkeeping system by a specified date)

Contract period exceeds one year (Specify the duration of the contract. Is there an option to extend? If yes, for how long?)

SUBJECT: The Health Care Division's use of Locum Tenum (Physicians and Psychiatrists) to provide Medical and Psychiatric Services in PSD's Facilities.

In accordance with HRS 353C-4.5, the PSD Director can appoint physicians without regard to HRS 76 civil service process, however, the Health Care Division (HCD) has recently been faced with Medical and Psychiatric Physician staff shortages as a result of a resignation and illness. The HCD has proposed the use of Locum Tenum Physician coverage to assist in the provision of the respective services on a temporary basis until the staffing shortage is resolved.

The Halawa Correctional Facility (HCF) psychiatrist tendered her resignation effective September 30, 2011. The HCD had openly recruited to fill this position. The potential recruit changed her mind, leaving the HCD without coverage for the next few months. Another potential recruit has indicated that if she accepts the position, she would not be available until January 2012. As there are no other identified candidates, the HCD has submitted a procurement exemption to quickly contract for temporary psychiatric coverage for the 1100 inmates at HCF.

The Oahu Community Correctional Center's (OCCC) primary care physician has recently submitted a note from his provider, indicating that he will be off of work until December 31, 2011. The HCD is proposing the use of temporary physician services to cover the medical needs of the 1000 OCCC inmates until the return of the physician on staff in January 2012. A procurement exemption has been submitted for approval.

Based on above, both the psychiatrist and the physician positions are contracted exempt employees and are in accordance with the HRS 353 C-4.5. HCD is not circumventing any DHRD rules or policies in their plan to staff their exempt positions by utilizing temporary physician services.
